

# RAL Colour Lacquered

Lacquered suitable for damp locations. 100% made in Germany

Brochure  
Product description

Die *Premium* Marke  
in Europa 

# RAL colour finishes, more than 200 colours are possible

## RAL colour coatings

All RAL colours uni lacquered. Lacquering with high-quality furniture lacquers.

## Carrier material

E1 certified chipboard, 19 mm thick with priming foil coating.

The pre-coating achieves a closed and smooth surface, which exclusively enhances the appearance of the products.

## Lacquer application

A triple lacquering guarantees an optimal surface, which is insensitive to dirt and easy to clean.

## RAL colours

We lacquer your desired colour according to the RAL colour chart.

## Image lacquering

For commercial/industrial customers we offer linings for the administration and production area lacquered in the desired company colour!

## Schlegel roof window linings are available in various types.

### → Standard lining

The depth of the inner lining is the same all around, without any kinks at the top or bottom. Angles from 20 degrees (negative) to 160 degrees (positive) are possible.

### → Lining with double kink

With a kink at the top and bottom, possible at any depth. Also with a window sill, many variations are possible.

Type D and D-1 to D-8

### → Lining with wedge

For designs with a stretcher frame or if the all-round lining depth on the longitudinal part of the inner lining deviates by more than 1.5 cm.

Type K

### → Lining with wedge and kink

Designs like wedge inner lining additionally with a kink at the top or bottom or with a window sill. Many different variations are possible. Type K-1 to K-10

and in wedge double side design

Type KD and KD-1 to KD-8

### → Lining with kink

Versions with a kink at the top or at the bottom, also possible with a window sill.

Type A and A-1 to A-10

### → Combinations

Versions with kink, wedge and window sills are possible. Many different designs available.

Types: Cabrio, multiple linings and "3 IN 1" lighting solution

### → Twin inner lining

Each single lining type is also available as a twin lining in different versions. Many different designs available.

Type Twin, DUO or ROOM

## RAL colours
